REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.
By DR. GEO. WATT, C.I.E.,
Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs. 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, Rs. 6 and 8 shillings respectively will be charged extra for the whole set.

*No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be Rs. 45 in India, and 5 guineas in England, exclusive of packing and postage.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 659 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1901; but a seventh volume may also be issued consisting of an index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs. 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, Rs. 6 and 8 shillings respectively will be charged extra for the whole work.

No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be Rs. 35 in India, and 3 guineas in England, exclusive of packing and postage.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,
Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs. 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, Rs. 6 and 8 shillings respectively will be charged extra for the whole sets.

•• No copies will be turned to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be Rs. 45 in India, and 3 guineas in England, exclusive of packing and postage.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India

By DR. GEO. WATT, C.I.E.

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 689 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs. 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, Rs. 6 and 8 shillings respectively will be charged extra for the whole sets.

•• *No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be Rs. 35 in India, and 3 guineas in England, exclusive of packing and postage.*

PUBLIC WORKS DEPARTMENT, BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 341.

Dated the 25th September 1890.

THE subjoined annual accounts and report of the District Road Committee of the district of the Sonthal Pergunnahs for the year 1889-90, together with the remarks thereon of the Commissioner of the Bhagulpore Division, are published for general information.

W. B. BASTIC,

Under-Secy. to the Govt. of Bengal, P. W. Dept.

No. 71P.W., dated Doomka, the 5th July 1890.

From—W. R. BRIGHT, Esq., Offg. Deputy Commissioner, Sonthal Pergunnahs,

To—The Commissioner of the Bhagulpore Division and Sonthal Pergunnahs.

I HAVE the honour to submit my report on road works in this district for the year ending 31st March last.

2. The district is a non-cess one. Its income is solely derived from an annual grant made by Government. There is no District Board here. The Deputy Commissioner exercises the power of a Chairman.

3. The only original work done during the year was a masonry bridge over the Baia nullah, 60th mile, Bhagulpore and Soory road. We propose to construct during the current year a bund across the Nimbochee nullah, 19th mile, Dumka Rampur Hât road.

4. *Repairs.*—All roads in the printed schedule underwent repairs during the year.

5. *Relief Works.*—Rs. 6,900 were given by Government for this purpose for mitigating distress in the Godda and Jamtara sub-divisions, Rs. 3,000 of which were spent by the Sub-divisional Officer, Godda, in improving the Godda-Dhuria road, Rs. 1,500 by the Sub-divisional Officer, Jamtara, in bund works, and the balance Rs. 2,400 in purchasing tools and plant. A great number of work-people found relief when famine raged in the above sub-divisions.

6. We have about 700 miles of roads in our charge. About 200 of them are metalled and the rest unmetalled. The average cost of maintaining a mile of metalled road is about Rs. 60 a mile, and that of an unmetalled one is Rs. 12 to Rs. 15 a mile.

7. All the buildings in our charge have undergone repairs during the year, except the one at Rajmehal in charge of the Sub-divisional Officer.

8. *Village Roads*.—There are three of them in the district. A list showing allotments made to, and expenditure incurred on, them in the year is given below :—

W. R. BRIGHT,
Offg. Deputy Commr., Sonthal Pergunnahs.

No. 86L.W., dated Bhagulpore, the 21st July 1890.

From—C. C. QUINN, Esq., Offg. Commissioner of the Bhagulpore Division and Sonthal Pergunnahs,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit the annual accounts and reports of the District Road Fund of the Sonthal Pergunnahs district for the year ending the 31st March 1890.

2. The Sonthal Pergunnahs is a non-cess district, and the Government annually sanctions a grant-in-aid of Rs. 34,000 for public works.

3. The following table shows the mileage of metalled and unmetalled roads, with cost of their maintenance, as well as cost per mile of roads of both classes worked out from actual expenditure incurred in maintaining them during the year under review :—

DISTRICT.	METALLED ROADS.			UNMETALLED ROADS.		
	Miles.	Expenditure in maintain- ing them.	Cost per mile.	Miles.	Expenditure in maintain- ing them.	Cost per mile.
Sonthal Pergunnahs	183	Rs. 11,437	Rs. 62	556	Rs. 8,937	Rs. 12

The expenditure on original work amounted to Rs. 2,516 or 6 per cent. on original work, and the expenditure on repairs amounted to Rs. 26,503 or 63·5 per cent. on repairs, and the roads are reported to be in very fair order.

4. The original works executed during the year were the improvement to the Baissa nulla bridge and construction of the Katikund bungalow. The sum of Rs. 1,000 was also paid as contribution towards the erection of Economic Institute at Dumkah in commemoration of Her Majesty's Jubilee as sanctioned by Government. The cost of two last-named works were met from grant for the improvement of Government estates in that district.

5. The aggregate length of the village roads in this district amounts to 17½ miles, for which Rs. 460 were allotted for their repairs, and the sum of Rs. 219 has been reported to have been spent on them. In this district the Sub-divisional Officers chiefly look after the repairs of the village roads.

6. *Arboriculture*.—The number of trees planted out on the sides of roads was 730, and those maintained during the year numbered 28,000. They are all thriving, and some of the trees have already borne fruit.

7. The expenditure on account of public works, exclusive of establishment, was Rs. 32,126, and the cost of work establishment amounts to Rs. 6,971 or 21·7 per cent. of the outlay on works. The income of the district for the year under report, exclusive of balance of the previous year and suspense account, is Rs. 53,839, against an outlay on account of work establishment of Rs. 6,971, that is 12·9 per cent. work establishment, so that the outlay on work establishment is within the limit laid down in the Cess Act, which is 25 per cent. on income exclusive of balance of previous year.

REVENUE DEPARTMENT.

A Dictionary of the Economic Products of India.

By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first two volumes of this work are now ready for issue, and intending subscribers are invited to register their names with the Superintendent of Government Printing, Calcutta.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses, both chemical and industrial; trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributions have, however, furnished the results of new discoveries, and confirmed the vernacular names; so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal pages; Volume II embraces the letter C in 649 pages; Volume III is in course of preparation, and will contain the letters D, E, F, and G. The whole work will, it is expected, be completed in six volumes by 1891; but a seventh volume may also be issued consisting of an index to all the vernacular and other names contained in the Dictionary; and this as a work of reference, it is hoped, may prove of considerable value.

The price to subscribers will be in India Rs. 30 and in England 2 guineas, payable in advance, for the complete set. An extra charge for packing and postage will be made for the set—in India, at 8 annas per volume, and for England at 2 rupees 6 annas per volume.

For copies bound in half calf or half morocco, Rs. 6 and 8 shillings respectively will be charged extra for the whole set.

••• No copies will be issued to non-subscribers till the work is complete, and no single volume will be sold separately. The price to non-subscribers will be Rs. 45 in India, and 3 guineas in England, exclusive of packing and postage.

PUBLIC WORKS DEPARTMENT,—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 354.

Dated Calcutta, the 7th October 1890.

THE subjoined Annual Report and Accounts of the District Road Committee of the district of Darjeeling for the year 1889-90, are published for general information.

W. B. BESTIC,
Under-Secretary to the Govt. of Bengal.

No. 49, dated Darjeeling, the 30th June 1890.

From—J. G. RITCHIE, Esq., Chairman of the District Road Cess Committee, and Deputy Commissioner of Darjeeling,

To—The Commissioner of the Rajshahye Division.

UNDER section 179 of Act IX (B. C.) of 1880 I have the honour to submit in duplicate the following Report on the Administration of the Road Fund of this district during the cess year ending 31st March 1890, together with detailed accounts of income and expenditure for that period duly examined by the Sub-Committee of Audit and passed by the District Road Committee at a special meeting held on the 28th June 1890.

2. The balance at credit of the fund on 1st April 1889 was Rs. 10,411-11-2, and the receipts under the several heads during the year under review made up a grand total of Rs. 86,579 5-5 including the balance. The total expenditure during that period was Rs. 81,124-1-7, leaving a closing balance of Rs. 5,455-3-10.

3. *Assessment and collection.*—During the year under report, out of the current demand of Rs. 16,631, Rs. 1,077 had been realized in advance during the previous year, and Rs. 15,554 collected during the year, leaving nothing unrealized at the close of the year. A further sum of Rs. 930, collected in advance for following years, made up a total collection of Rs. 16,484.

4. *Working of the Committee.*—The number of meetings of the District Road Committee held during the year was four. The average attendance was 3.25 out of 8 official and 5.25 out of 17 non-official members. The Terai Branch Committee met six times during the above period, and the average attendance, as reported by the Vice-Chairman, was two out of five official and five out of 15 non-official members. The average percentage of attendance was 34 for the District Committee and 35 for the Branch Committee.

5. *List of roads.*—During the year under report two new roads, numbered as 13A and 14A, and named Nagri to Sukrapokri and Gumtee to Mamring, respectively, were taken over by the Committee and added to the list of roads, and Government has been asked to revise the printed schedule accordingly.

6. *Public works.*—(a) *Original.*—Construction of a steel-wire suspension bridge on the river Little Rungeet at Pulbazar, at the site of the old bridge washed away by the flood of 1887, which had been taken in hand in the previous year and completed during the year under report, at a cost of Rs. 13,112-4-7, was the only work under this head that was carried on by the Committee. The amount originally estimated and sanctioned by the Local Government was Rs. 6,236. The actual cost having exceeded the estimated amount by about Rs. 6,000, and the Committee being without funds to pay off the excess, Government has been asked to make a grant of Rs. 6,000 to enable the Committee to discharge their liabilities. An explanation of this excess expenditure has already been submitted in this office No. 6, dated 10th April 1890.

(b) *Repairs.*—Rupees 2,471-15-2 were spent on hill roads and Rs. 2,770-5 on Terai roads, making a total expenditure of Rs. 5,242-4-2. Besides the above, a further sum of Rs. 1,052-4-1 was spent on village roads (surface tracks, class V of the printed list of roads) in the Terai, and Rs. 1-5-9-7 in repairing three bridges in the Hills. The repairs to the Hill roads were executed by the planter members of the Committee.

Out of the hill and Terai roads none was under the charge of the late District Engineer, who confined his whole attention to erecting the bridge at Pulbazar. The Terai roads, like the hill ones, were apportioned to the several members of the sub-committee, the Vice-Chairman of the Terai Branch Committee exercising, as usual, supervision over the expenditure on their maintenance.

7. *Arboriculture.*—The whole of the work under this head was undertaken by the Darjeeling Improvement Fund, there being no expenditure whatever incurred by the Committee.

8. *Working of the Cess Act.*—The cess was levied as last year, at the maximum rate, and the results of the year were very satisfactory, the percentage of collections having amounted to 100 per cent. on the demands.

9. *Establishment.*—Owing to the very reduced state of the income of the Committee and the excessive expenditure incurred on account of the Pulbazar bridge, the Committee could no longer pay the District Engineer. His services were therefore, as proposed in Resolution 6 of the members at their meeting held on the 30th December 1889, and sanctioned under Bengal Government letter No. 1326E., dated 27th March 1890, dispensed with after 31st March 1890.

10. *Inspection of accounts.*—The accounts of the Committee were inspected by the Local Auditor on the 1st instant. His notes on the inspection have not been received yet.

EXPLANATORY MEMORANDUM ACCOMPANYING THE ANNUAL ACCOUNTS.

RECEIPTS.

Provincial Rates.

THE decrease in the collection of "cess on lands" and "cess on mines" is due to the revaluation of certain estates in the district.

The small increase in income under the head "contribution to communications out of 10 per cent. collections from Government and other estates" calls for no explanation.

EXPENDITURE.

Administration.

(a) A sum of Rs. 80 had been provided for office rent in the original budget estimate, as had hitherto been done, at the rate of Rs. 2-8 per mensem. The rent was being paid at the above rate up to November 1889, when a letter from the Executive Engineer, Darjeeling Division, re-assessing the two rooms occupied by the Chairman and the Cess Collection Office at Rs. 40 per mensem, and a bill for the amount calculated at the above rate, were received in this office. The letter being laid before the meeting held on the 18th of January 1890, it was ordered that a reference on the subject be made to Government, the Committee at the same time providing a further sum of Rs. 410 out of reserve in case of refusal and remission, and obtaining sanction of the Commissioner to this under his letter No. 128P.Wct., dated 15th March 1890.

The excess of Rs. 77-14-10 over the estimated figures on account of percentage cost of office of account and control is owing to its having been levied on the income of the fund for the preceding year, which has this year been reduced by about Rs. 5,000 in consequence of Darjeeling-Himalayan Railway having been exempted from the payment of cesses by Government Notification dated 22nd January 1889.

Public Works.

(b) *Original.*—Rs. 5,622 have been provided during the current year out of the total estimated amount for construction of the Pulbazar bridge, the balance Rs. 500 having been expended during the previous year. Babu Gopal Lal Banerjee, the late District Engineer, who was in charge of the work, submitted his completion report in December last, from which it was seen that the work cost the Committee more than double the amount originally estimated for it. The responsibility for this excess expenditure lay entirely with the District Engineer, who made no report to the Committee when he found the work would cost more than the estimate. He was censured by the Committee at their meeting held on the 30th December 1889. An explanation for this excess was immediately called for from him, and the Committee were compelled to allot the whole balance of the reserve to the payments due on account of this work; but as the reserve was insufficient to pay off the whole of their liabilities, they asked Government for a grant-in-aid to enable them to pay off their debts (*vide* Commissioner's No. 108P.Wct., dated 15th March 1890, and this office Nos. 180 and 22, dated 17th January and 13th June 1890, respectively.)

(c) *Repairs.*—The repairs to the newly-acquired road Goomtee to Mamring having become necessary, the Committee provided out of reserve Rs. 50 for it, which was sanctioned under Commissioner's No. 108P.Wct., dated 15th March 1890.

(d) The expenditures on these heads were provided for with the approval of the Committee from the Terai reserve, and sanction to them was accorded by Commissioner's No. 66P.W., dated 26th May 1890.

As reported last year, the advances which were then made, but which remained outstanding, were adjusted this year, with the single exception of Rs. 500 advanced to Mr. F. B. Baker by the Terai Branch Committee. The Vice-Chairman of the Terai Branch Committee has been asked to call for an explanation from Mr. Baker.

The construction of the bridge at Pulbazar left the Committee without funds, and the Committee were unable to make the usual grant to the Terai until very late in the year, consequently a number of allotments for Terai roads remained out-standing on the books of the Committee. The Committee will adjust them during the current year.
